

## Parking at Highlands United Church

Ample parking is available within a five minute walk of the church.

There are three church parking lots, one located on the south side of the church, one on the north side of the church, both accessible from Edgemont Blvd. A third lot is located at the back of the church accessible from Ridgewood.

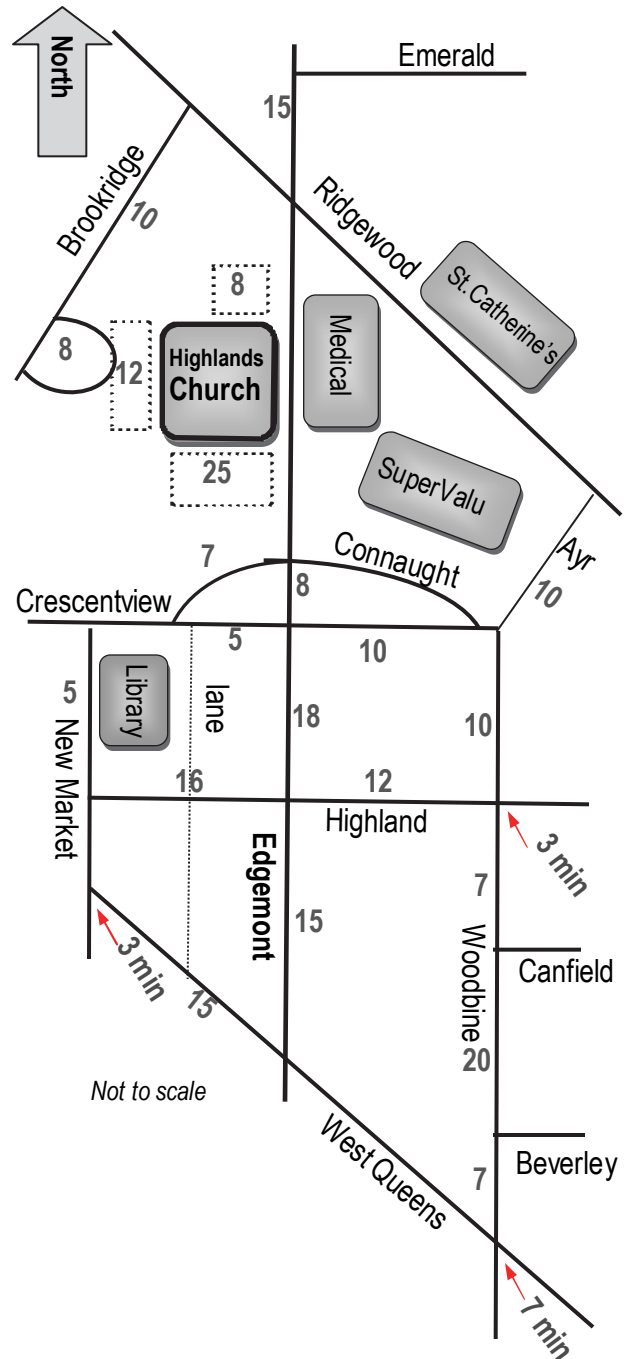

Approximately 200 parking spots are available on near-by streets. Most of these are empty at 10:00am on Sunday morning. In particular, Woodbine Avenue has lots of free space. After 10:00am, fewer free spots are available on Edgemont Boulevard. Parking spots in the Village have a two-hour limit.

**Courteous use of the parking facilities:** Those who are able to walk are encouraged to leave the church lots open for those with limited mobility. Use the street parking and enjoy a short meditative walk to the church.

**Parking for People with Disabilities:** The North side parking lot and two spots in the back parking lot are designated as Handicap Parking Spots. Plans are underway to allow back door entry to the gym, which will give level access through the gym to the elevators.

The map on the back shows available parking in Edgemont village and on near-by residential streets.
