

Hey Highlands community!

We are organising a church-wide virtual Easter egg hunt. If you wish to participate, send in a picture of the egg you will hide, as well as a picture of the room/place with the egg hidden in it. The egg must be visible in the picture, though you can make it more difficult to find by camouflaging it in with the background. Get creative! You can use a regular egg from your fridge, a chocolate Easter one, or you could even draw a picture of an egg to hide (or draw a picture with an egg hidden in it – just make sure to also send a picture of the egg on its own). If you want, you could include photos of two different hiding places, with an easier and harder difficulty, so that everyone has a chance to find an egg. All the pictures will be put into a pdf document posted on the Highlands website, so everyone will be able to try and find your hidden egg, and you can try finding theirs. Please don't include anything or anyone in the pictures that you don't want posted online. All submissions should be sent to Gillian & Nancy Forde (nforde@gmail.com) by Palm Sunday (April 5).
